

Bible and Ministry Training

DATE/TIME: Our classes are held five days per month starting on the 2nd Monday of every month. Our schedule is from 9 a.m. – 4 p.m., Monday – Friday, which includes registration, 30 hours of teaching, and a daily chapel service. This “5 days per month” schedule allows students outside of Kumasi to remain active in their home churches while completing their degree.

COST: Our tuition fee is 10 Ghana cedis per credit. Most students take 2 credits per month for a total of 20 Ghana cedis per month. Fees are subject to change at any time.

PROGRAMS: Our Bible college offers a certificate program, a diploma program, and a degree program as described below. Enrollment in a program for a certain amount of time does NOT guarantee qualification for completion of the program.

CERTIFICATE: In order to receive a Certificate of Evangelism from HACWA, a student must demonstrate understanding of the doctrine of salvation and proficiency in soul winning. Time to complete this program varies greatly by an individual’s ability and effort, but most should be able to complete the certificate in less than one year. Our certificate course is available in English or Twi.

DIPLOMA: New diploma candidates begin by taking an English placement test. Then we provide the opportunity for supervised independent study in English using the School of Tomorrow curriculum. Students must achieve English proficiency in order to continue in this program. In addition to the certificate requirements, a student must pass a total of 54 of specified courses with a minimum “C” average in order to qualify for the Diploma of Pastoral Studies. (See the other side of the page for representative courses.) Most students should be able to complete the diploma requirements in about three years.

DEGREE: In addition to the diploma requirements, a student must pass a total of 68 additional credits with a minimum “C” average in order to qualify for a Bachelor of Pastoral Studies degree. (See the other side of this sheet for representative courses.) Most students should be able to complete the certificate, diploma, and degree in about 5 ½ years.

CHURCH: Our college is a ministry of Fundamental Baptist Church International, Kumasi, Ghana. All students must be active in church and proven soul winners in order to successfully complete a program at Hyles-Anderson College of West Africa. Students also must agree with FBCI doctrinally in order to receive a certificate, diploma, or degree from our institution.
